

## **WOOD TRUSS LABORER**

Full-Time, Starting Hourly Wage of \$19/ hour

### **WHAT WE'RE LOOKING FOR**

We're looking for a Wood Truss Labourer to join our team!

Do you like building things with your hands? Do you get satisfaction from seeing a completed end product? Do you enjoy putting puzzles together? If you said yes to any of these, then a Truss position may be perfect for you!

### **WHAT YOU WILL DO**

You will be building and assembling wooden roof trusses in a fast-paced work environment, including plating, stacking and banding and working on a fantastic team of 2 to 4 people. This is a physical job and requires jumping up and down off of a building table, lifting wood trusses repeatedly and bending over often.

This position is Monday to Friday, 40 hours per week!

We are willing to train the right candidate, but we are looking for someone who has experience using a hammer, reading a tape measure and someone who enjoys physical work. Interest in technology would be an asset in this position, as there is a chance to learn and work with our lasers and auto jiggling.

***A signing bonus will be offered to the successful candidate!***

### **WHAT YOU CAN LOOK FORWARD TO**

We offer fantastic benefits including health, dental, disability and life insurance. We offer competitive compensation that is above average for our industry. There is room for advancement into all areas of our company. We often do pizza days and donut days to recognize the hard work our employees do each day.
